There are lots of different types of technology that we can see in the world around us.

Take a look at these photos.

What can you see?

Have you used any of these things before?

Have you seen other people using these things?

What other types of technology do you use at school or at home?
Blood Pressure Monitor

What can you see?
Have you used this device before?

Have you seen other people using this technology?
Cash Machine

What can you see?
Have you used this device before?
Have you seen other people using this technology?
Credit Card Reader

What can you see?
Have you used this device before?
Have you seen other people using this technology?
What can you see?
When was the last time any members of your family used this technology?
Remote Controlled Toy

What technology does this use?
Challenge

• Using your mobile phone, take pictures of devices within your house that uses computer technology. If your camera phone has filters or effect, experiment with these settings as you take the pictures.

• If you have access to a computer, download the pictures and present them in a PowerPoint.

• Send your work into ICT@sellyoak.bham.sch.uk
